## A DECISIVE BATTLE MAY BE DRAWING NEAR

Russian and Japanese Warships are Rapidly Approaching One Another.

The Battle May be the Greatest Naval Clash in the World's History.

### BIG NAVAL BATTLE.

Peking Straits, Settlement Off Malay Peninsula, April 8.—The greatest excitement prevails here, as it is believed a naval battle between the Japanese and Russian fleets is impending.

Reports of vessels that arrived here lately showing that the fleets are approaching is responsible for this belief.

The impression prevails that it will only be a matter of a few hours until the fleets meet, and a naval battle which may be the ending of the war, fought.

### GOT THROUGH SINGAPORE STRAIT.

Singapore, April 8.—Admiral Rodjstvensky's Russian fleet passed the harbor at three o'clock this afternoon steaming northeast. This indicates that Rodjstvensky is entering the China sea by way of Singapore strait, instead of the Darian Straits. The Russian squadron numbers thirty-five vessels.

### MAY BE A TRICK.

London, April 8.—Naval experts are of the opinion that Admiral Togo intentionally allowed Rodjstvensky to pass through the Straits of Malacca unmolested, fearing if a naval battle occurred the narrowness of the straits would interfere with the maneuvers by the Japanese squadron and give too great an opportunity for accidents to occur which might change the result of the battle.

### SIZE OF THE TWO FLEETS.

London, April 8.—The strength of the Japanese and Russian fleets which are expected to soon engage in battle, is not definitely known.

The dispatches place the Russian fleet at between thirty and forty vessels, of which some are colliers.

The fleet is largely made up of the remnants of the Russian navy. The best vessels of the Japanese navy are now under Admiral Togo. Recent reports from Singapore said that his squadron consisted of twenty-two vessels, all good sized warships.

### FLEETS ARE NEAR.

London, April 8.—The latest report from Singapore indicates that the hostile fleets are not more than thirty miles apart this afternoon, and they may be in touch at any moment. Japanese squadron of twenty-two ships is off Horsburg light.

### Death to the Czar.

St. Petersburg, April 8.—The workmen of Smolensk made a demonstration yesterday, the occasion being the burial of the men killed by police a few days ago. Six thousand persons assembled and awaited the funeral procession. There were red flags everywhere, and a wreath deposited by socialists on the coffin was inscribed: "Death to the Czar, the assassin."

After interment, revolutionary proclamations were scattered among the people and a procession was formed headed by a socialist carrying a banner inscribed: "Death to the Czar, the assassin."

At this juncture a large force of military and police interfered, dispersed the mob and seized the wreaths and banners. The workmen did not attempt serious opposition and none was seriously injured.

### British Squadron to Leave.

Hong Kong, April 8.—Following the reported appearance of thirty-five warships between Peking and Singapore, the British China squadron is preparing to go to sea. The Shalot starts today for Singapore and will be followed by other vessels.

### Eight Killed in Wreck.

St. Petersburg, April 8.—The latest reports in regard to a collision between two military trains in Manchuria west of Harbin says that eight were killed and twenty-eight wounded.

At this juncture a large force of military and police interfered, dis-

Retail trade has opened up actively and reports are of good increases over last year in all lines.

Real estate is active and building and repair work is very active.

Bradstreet's weekly review of trade is as follows:

Trade, grain crop and industrial reports are in the main very favorable. Western merchants who earlier in the year bought conservatively are now reordering freely. Money continues easy at most points. Gross railway earnings for March indicate a gain of nine per cent. over a year ago. Relatively the best reports come from the West. The buoyancy of advices from which is in marked

contrast with the same period a year ago. Estimates of the quarter's business at leading western markets range from 5 to 15 per cent gain over 1904, the heaviest increase being in dry goods.

Lumber, shoes, paints, glass, clothing and millinery all show gains over last year.

Chicago, April 8.—The Construction News tomorrow will say:

It is doubtful if building has ever shown the activity that now prevails all over the country. During March permits were taken out in twenty-eight of the principal cities of the country, for construction of 12,505 buildings, involving a total cost of \$555,160,841, an increase of 68 per cent. over the corresponding month a year ago.

Mr. James Saunders, local manager for Duca's Agency, has had to resign his position temporarily on account of ill health, and will take a trip for the purpose of recuperating. Mr. William Guth, of the R. G. Dun office at Louisville, is here to take the local management. Mr. Guth has been installed by Mr. John J. Saunders, of Louisville, formerly manager of the Paducah office.

Metropolis, Ill., April 8.—Will Liggett, son of J. H. Liggett, was badly bruised about the head, arms and shoulders this morning by getting caught in a line shaft at the local pottery.

## MURDER CHARGED ON THREE COUNTS

Mrs. Brockwell Indicted by the Grand Jury Today.

Her Alleged Accomplice, George Albritton, Was Released by Order of the Grand Jury.

TRIAL SET FOR NEXT THURSDAY

Mrs. Mary Brockwell, who confessed to poisoning her three little children, Ola, Lucy and Lillie, two weeks ago, was indicted by the grand jury this morning on three counts for willful murder. Her alleged accomplice, George Albritton, was dismissed by the grand jury, and as soon as the indictments were returned into court shortly before 11 o'clock, he was released from the county jail, where he had been held nearly two weeks as an accomplice.

No one was indicted for the murder of the children except the mother. Reports that there was anyone else involved in the wholesale poisoning are unfounded, so far as the authorities know.

A short time after the grand jury filed in this morning and reported for the day, Judge Reed ordered the defendant, Mrs. Brockwell, brought in to court.

She was informed that the grand jury had indicted her for murder, and asked if she had a lawyer, to which she replied that one had been appointed for her.

After consulting the attorneys, Judge Reed decided to set the case for Thursday, and so informed the prisoner.

When asked if she had any witnesses, she replied that she hadn't, but Commonwealth's Attorney Lovett informed the court that her attorney would look after them.

She was then taken back to jail, and it is probable the first case against her will be ready for trial next Thursday morning.

The defendant seems more composed than formerly. She is visited by very few people at present, having seemingly waned in popularity as a curiosity. Most everyone who has asked to see her lately has given her money, one man giving her half a dollar. In this way she manages to get and pay for any delicacies not included in her prison fare.

Mrs. Brockwell does not act as a woman who killed three of her children, and those about the jail who have observed her since she has been there are unable to say whether she is sane or not.

Yesterday afternoon her remaining daughter, Hazel, was questioned by Commonwealth's Attorney Lovett and County Attorney Graves in the latter's office. The patrol wagon was sent to the home of the friendless mother and when taken before the attorneys she did not appear to be in the least embarrassed.

She claimed that she had heard her mother threaten to kill the children before she would let her insane husband's relatives have them.

The girl also said that she held the spoon in which the morphine was mixed with the coal oil, but did not know what it was at the time. It is likely she will prove one of the main witnesses for the commonwealth.

Albritton was naturally overjoyed today to learn that the grand jury had ordered his release. There was never anything to connect him with the killing except the woman's statement.

### FLEETS ARE NEAR.

Hostile Fleets May Be in Touch Any Moment.

London, April 8.—Latest report from Singapore indicates that the hostile fleets are not more than thirty miles apart this afternoon and they may be in touch at any moment. Japanese squadron of twenty-two ships is off Horsburg light.

Japanese Demonstration.

St. Petersburg, April 8.—Telegrams to the war office from Manchuria report a Japanese movement against the Russian left. It is said the Japanese will soon occupy Kirin. The inhabitants have fled.

### HOPTOWN BOOMING.

Company to Begin a \$65,000 Sewerage System.

Hopkinsville, Ky., April 8.—The council last night ordered the sale of a franchise for the construction of a sanitary sewerage system to cost not less than \$65,000. It will be built by private capital.

It is true that the man who invented the gold brick is dead, but a new purchaser is born every minute.

## THE PRESIDENT IS HAVING QUIET DAY

He Made One Speech This Morning at Ft. Worth, Tex.

The Place of the President's Hunt Is Being Kept a Secret at Present.

A FEW NOTES OF THE TRIP.

Ft. Worth, Tex., April 8.—The president is having a quiet day today. He made no speeches this morning except at Ft. Worth, although crowds of people assembled at various places. The place of the president's hunt is kept a secret even from those on the train.

San Antonio, Tex., April 8.—With the city covered with patriotic emblems and streets and plazas filled with cheering throngs, Theodore Roosevelt could not mistake the hearty welcome accorded him in San Antonio. Enormous crowds greeted him along the route of the procession from Fort Sam Houston to Alamo plaza, where the address of welcome was delivered and the response made.

The president was delighted with the reception accorded him. He was kept busy bowing right and left acknowledging the outbursts of enthusiasm. It is approximately seven years since President Roosevelt left San Antonio with his Rough Riders.

"No human being dreamed that after that I would return as president of the United States," he said in a short address at the depot. It was a busy day for the president. It began with a reception at the train. This formality was soon over and the president and party proceeded to the parade grounds of the post, where the troops in Fort Sam Houston were reviewed. This ceremony over, the start was made for this city. From the moment the procession of troops, carriages, police and Rough Riders, went out of the gates of the post into Grayson street until the president entered the gate of the fair grounds to go into camp with the Rough Riders, he was the recipient of the greatest ovation ever witnessed here.

The most spectacular scene of the day was at Travis park. The president's reception here by 8,000 school children was the most inspiring feature of the program. All the way the crowd cheered and the children sang "America," while a band played national airs.

On the Alamo plaza, within a shadow of the old Alamo, which the president in his speech said had seven years ago filled him with a determination to do nothing to reflect on the heroes who died there, he was greeted in a manner which profoundly touched him. His arrival was the signal for a burst of cheering which lasted until after he had taken his seat on the stand, and which was renewed when he arose to respond to the address of welcome by Alderman Kirkpatrick.

The president's speech was frequently punctuated by applause. He made a characteristic address. He was pleased that San Antonio agreed with him in his ideas on race suicide. He noted with a satisfaction the attention Texans are paying to education. The law of the worthy life, effort in a cause worthy of striving for was his theme.

Louisville Races.

Louisville, April 8.—The dates for the running of the important stake events at Churchill Downs this spring have nearly all been decided upon. The Kentucky Derby will be run on the opening day, Wednesday, May 10.

The Clark handicap will be decided on Saturday, May 13, and on Saturday, May 20, the Nursery Stakes will be run. On that afternoon the cup race for gentlemen riders will also be on the program. The Kentucky Oaks will be decided on Saturday, May 27.

Madisonville, Ky., April 8.—S. C. Morre, one of the oldest and wealthiest men in Hopkins county, is dead aged 70.

Packers to Be Indicted.

Chicago, April 8.—Before taking adjournment until Monday the grand jury heard many witnesses who gave damaging testimony against the packers. The general impression is that leaders of the beef trust will be indicted when the grand jury reports.

Chicago's Big Strike.

Chicago, April 8.—Under a guard of sixty policemen, four wagons, manned with non-union drivers, left Montgomery-Ward & Co.'s establishment and slowly wended their way to the freight yards.

It was greeted by jeers and obstructed occasionally by union sympathizers. The trip was made without damage to the wagons or drivers. Two arrests were made of men who tried to obstruct the street.

The New Steel Trust.

Washington, D. C., April 8.—The proposed merger of the Alabama and Tennessee coal and iron properties into the "Little Steel Trust" is said to have behind it John H. Hoadley of International power fame.

Mr. Hoadley has long been interested in Alabama coal and iron properties and believes in the manufacturing possibilities of the south. A millionaire inventor and organizer of the American Locomotive works and the International Power company, of which he is president, he has insisted that with the coal, iron and limestone coming out of the same range of mountains in Alabama pig iron can be manufactured there and sold for \$7 and \$8 a ton, and steel rails at \$12 and \$14. He is prominent among those who foresee in Birmingham a second Pittsburgh, with the advantage of the saving of transportation charges on the raw material and a water route to the seaboard.

## A SENSATION SPRUNG IN THE COMMITTEE

Motion Made to Oust Chairman Berry and Elect Charles E. Graham.

The Effort Was a Fiasco—Judge Berry's Hot Roast—Nominations Concurred in.

A sensation was sprung in the democratic county committee this afternoon when an effort was made to oust County Chairman W. A. Berry and install County Clerk Charles E. Graham, defeated candidate for the nomination of sheriff, as county chairman. The effort was a failure and Judge Berry came back in a hot speech, in which he said he did not want the chairmanship in the first place, and since finding how much time it took intended to resign. But now he intended to stick until he was sure a majority of the committee wanted him out.

Twenty of the committeemen were present when Chairman Berry rapped for order. The chairman stated that the meeting was for the purpose of acting on the report of the subcommittee of the county organization appointed to canvass the returns of the primary, March 30.

This report is the same printed after the committee meeting last Monday, when the names of the nominees as already published were given, with the exception of the race for circuit court clerk, which was a tie between Messrs. Miller and Smith.

This report was adopted and then a statement was read from Mr. John D. Smith withdrawing from the race and asking that Mr. Joe Miller be declared the nominee. This was concurred in, and Mr. Miller was declared the nominee for circuit clerk.

A resolution was then passed formally declaring the various men already named the Democratic nominees, and authorizing the chairman and secretary to issue them certificates.

This completed the work, but as had been rumored on the quiet, Mr. J. M. McKinney stepped forward and handed the secretary a slip of paper, on which were the words "I move that Charles E. Graham be elected chairman of the Democratic county committee in place of W. A. Berry, and that a vote of the committee be taken."

The motion was seconded. Chairman Berry had anticipated the move. Committeeman James E. Lang arose and said he would like to have a little light on the subject, as he didn't know there was a vacancy.

Judge Berry said that he knew where it came from, and its object. A discussion arose as to the motion being in order, and Judge Berry said that ordinarily he would have declared such a motion out of order, but that he thought if they wanted a vote he would let them take it.

After declaring the motion out of order Judge Berry "came at" the persons supposed to be back of the effort to get him out, in a sizzling speech, in which he said that he didn't want the chairmanship in the first place, and said for quite awhile that he would not have it, and didn't have it until he had been assured that everybody wanted him. He said he would rather practice law ten years than be the chairman of McCracken county committee thirty minutes.

He said that he could be used by no man, and that he knew what inspired the effort to thus publicly humiliate him. He said it was because he cast his ballot against a certain man—a thing as a free born man he had a right to do. He said as chairman he had done what he believed to be right and had discharged the duties of chairman impartially and without fear or favor and that as long as he was chairman, every Democrat in McCracken county would get a fair deal.

He said he intended to remain chairman now until he was satisfied a majority of the committee wanted him to resign. If a majority could have been secured there this afternoon, he declared, to oust him it would have been done, but it could not.

He said further that if the committee wanted him to resign it could have him do it without going about it in a surreptitious way, hatching schemes such as that today.

Judge Berry was loudly applauded by the committeemen and spectators present, plainly showing that the crowd was with him.

The business of the committee was then declared finished and the committee adjourned.

County Clerk Graham said nothing about filing a contest for the nomination for sheriff, which was won by Mr. John Ogilvie. He has until Monday night to file his notice.

## ANGRY INDIANS

Want a Powwow With the White Chief.

Hayden, Colo., April 8.—Indians in the White river country were reported to be sullen and angry because of the vain efforts of the game warden to drive them back to the Utah Reservation. This news was brought in by T. M. Wingrove and son, trappers, who have spent the entire winter in the White River region.

The Apaches, the Wingroves say, are slaughtering deer ruthlessly and pay no attention to the penitentiary warnings of the game warden, who have no means of enforcing their commands.

President Roosevelt, if he makes an extended stay, will hardly fail to encounter some bands of angry Indians. They have heard that the "Great White Father" is coming, and some of the redskins have announced their intention of holding a powwow with him.

# How Sickness Starts In The Inside Nerves

Most forms of sickness start with the inside nerves. Indigestion, sour stomach, heartburn, dyspepsia—weak kidneys, diabetes, Bright's disease—liver irregularities—heart irregularities—bowel irregularities—all of these ailments, and the ailments which they, in turn, bring on, are due directly to derangements of certain nerve centers.

Understand first that we have two entirely separate nerve systems. When we walk, or talk, or act, we call into play a certain set of nerves—nerves which obey our mental commands. That is why the arm can be raised, or the mouth opened, or the eye shut, at the slightest desire. That is why your fingers can delicately pick up a pin one moment, and hold a heavy hammer the next.

But these are not the nerves we are to consider here. There is another set of nerves which control and govern and actuate the heart and the stomach, the kidneys and the liver and all of the vital functions. You cannot control these nerves. By no mental effort of mind can you make your heart stop or start—or can you even make it vary by a single beat a minute. And so with the stomach and the liver and the kidneys and the bowels—they are automatic—they do their work at a certain set speed whether you are awake or asleep—whether you will it or not.

It is on these inside nerves that life and health depends. So long as these nerves perform their proper duties we are well and strong. When they fail, we know it by the inevitable symptoms—sour stomach, heart, liver, kidney troubles. And these troubles have no other origin, ever, than in these same nerves. For the stomach, the heart, the liver, the kidneys, have no power of their own, no self control. They owe their very impulse to the inside nerves. The nerves are the masters. The organs their slaves.

But the most interesting part about the inside nerves is the fact of sympathy which exists between all centers and branches of this great automatic system. The center, which, for instance, controls the stomach, is known to science as the "solar plexus." The heart center is called the "cardiac plexus." The kidney center, the "renal plexus." Yet it is a well known fact that in prize fights, a solar plexus blow instantly stops the heart, and

though its usual operations concern only the stomach. Why? Because of the bond of sympathy between the various branches. That is the reason the inside nerves are sometimes called the "sympathetic" nerves.

This explains why stomach trouble often develops into heart trouble—why indigestion brings on nervousness—why diseases become complicated. It explains, too, why medicine treatments are wrong—why medicine so frequently fails.

More than thirty years ago this

remedy—now known by Dr. Shoop's Restorative—is the result of a quarter century of endeavor along this very line. It does not dose the organ or develop the pain—but it does so at once to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

There is no mystery—no miracle. It can explain my treatment to you as easily as I can tell you why cold, frozen water and why heat melts ice. Nor do I claim a discovery. For every detail of my treatment is based on truths so fundamental that none can deny them. And every ingredient of my medicine is as old as the hills—it grows on, I simply applied the truths and combined the ingredients into a remedy that is practically certain.

I have made my offer that strangers to my remedy may know, it is not intended for or applied to those who have used my remedy. They need no further evidence. But to those who have not heard, or hearing, my remedy, I write and ask: "I will send you an order on your druggist which he will accept in full payment for a regular, standard size Dollar bottle. And he will send the bill to me. C. I. SHOOP, M. D."

thought came to me: "If life and health depend upon perfect heart action, upon proper stomach digestion, upon correct kidney filtration, why does not life itself depend upon these life-giving power nerves—these inside nerves?"

I realized, too, that all ailments which result from one cause may, of course, be cured by one remedy. I resolved not to doctor the organs but to treat the one nerve system which operates them all. Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

#### To Unionize Hopkins.

Madisonville, Ky., April 8.—It is being reported by local union men that coal mine organizers are expected to arrive in Hopkins county some time this month for the purpose of making another attempt to organize the coal miners of Hopkins county. They say that officers of District No. 23, I. M. W. of A. of Kentucky, have called on national headquarters for \$5,000 to be used in Hopkins county in another effort to unionize the coal mines here. It will be remembered that an attempt was made to complete this work three years ago and resulted in much loss of life and bloodshed, and the officers left the county in no better shape so far as the organization was concerned than when they came. Should they return and persist in organizing the mines of the county, there will be a long hard fight, as the coal operators of the county are more prejudiced toward the Coal Miners' Union than ever before. They have said they will never operate the mines with union men.

#### Lived Three Months Without Food.

An effort was made to save its life, but that effort caused the dog's death. It was fed about three-quarters of a pint of milk and in two minutes it was dead.

Last December Mrs. Curley underwent an operation at St. Mary and Elizabeth's hospital.

Mrs. Curley was a woman of unusual intellect. She was greatly interested in the affairs of her husband, who has held prominent positions with the national body of Brotherhood of Locomotive Engineers and herself founded the local order of Ladies Auxiliary to the brotherhood, which bears her name.

Mrs. Curley came from one of the most prominent families in Kentucky. She was born in Elizabethtown, forty-three years ago, and was a graduate of Nazareth College. She was a cousin of the Very Rev. J. C. Cronin, of St. Patrick's church.

Besides her husband and little daughter, Mary, eleven years old, a mother, Mrs. Anna Dooley, and two brothers, of Louisville, and Mrs. G. T. Maloy, of Central City, Ky., a sister, survive her.

The funeral will occur from the church of the Sacred Heart, at Louisville, Monday morning at 9 o'clock. Burial will be in St. Louis cemetery.

#### Birth Anniversary.

"Uncle" Elias Iyerly celebrated his 90th anniversary Thursday at the residence of his son-in-law, Mr. H. V. Keebler, 317 Ashcraft avenue. About forty relatives and friends were present.

## NEW BRANCHES FOR ILLINOIS CENTRAL

One to be Built Into Goleonda, Ill., From Shawneetown.

Will Open Up a Rich District—Another Branch to the Ohio River

MAY START IN A FEW MONTHS

The Illinois Central railroad has in prospect the building of two new branches in this section of the country in a short time, the largest they have contemplated since the Paducah-Cairo extension was completed.

One of these extensions is from Shawneetown, Ill., to Goleonda, and will be quite a feeder for the road, being about 10 miles long.

Goleonda was connected with the outside world with a branch of the Illinois Central only a year or two ago, by a branch from Reevesville, and it is such a good country that the Illinois Central multiplies spending hundreds of thousands of dollars in opening it up for traffic.

It is a rich mining section, and in addition to the Shawneetown-Goleonda branch the road is having plans drawn for another branch from Fairview mine, Hardin Co., Ill., to Ohio river.

This county is also a fine mining country and it was there that Paducah people bought a large share in a mine that it was afterwards claimed was worthless.

Articles of incorporation for the Shawneetown-Goleonda branch have already been filed at Springfield, Ill.

It is understood that the company will start work as soon as all the necessary plans and arrangements are made for the new roads.

## WANT TO BE CHAMPION.

Ben Boyd's Colored Ball Club to Start Its Season Shortly.

Ben Boyd's colored ball players will all be here about Monday next, and at once start practice. They are to play considerable ball this year with a number of good clubs. They will open the season unusually early, and will play a white team at Quincy, Ill., on the 22 and 23 of April.

They then go to Keokuk, Iowa, to play a white team on the 24-25 and 26.

Boyd says he is going to have the champion colored ball club of the country. After the games in Illinois and Iowa the club comes to Paducah for a series and will then go south on an extended tour.

PADUCAH TEAM DEFEATED THE CULDS AT PARK YESTERDAY.

Fans Were Well Pleased—Today Is Ladies' Day—Big Game for Tomorrow.

The Paducah K. I. T. team yesterday afternoon defeated the Pittsburgh Colts at Wallace park in the presence of about 200 fans. It was a good game, the score being 3 to 2, and the Indians made all their runs in the first inning.

Only few of Pittsburgh's best players were in the game, but it was a hot, snappy game just the same.

Kidneys Affected, But Five Bottles Completely Cured

PEPSIN SYRUP COMPANY, Monticello, Ill.

Gentlemen:

A few months ago I had frequent dull aches in my back, my muscles felt sore, I had frequent headache, and my appetite was varying. At times I did not care for food a whole day. The doctor claimed that my liver was inactive, and that this affected my kidneys somewhat. He prescribed for me and I took his medicine for over two months. Finding that this brought no relief, and that I was getting worse, a Lodge friend advised me to try Dr. Caldwell's Syrup Pepsin. I used three bottles and felt greatly relieved, and after having taken five bottles in all, I was completely cured. I am very grateful for my continued health, and feel it a daily blessing which I appreciate as never before.

## The Week In Society.

### A SIGN OF SPRING.

A. sweethearts know it's spring,  
Not because the robins sing,  
Nor the gnats;  
She knows it not by song,  
Nor because the days grow long,  
But by hats.  
There's a new one every year;  
Some are dearer, all are dear,  
Each a prize.  
Have they not, then, any faults?  
Ah! investigation halts  
At her eyes!  
—Warwick James Price in April  
Smart Set.

### A Quiet Week.

Miss April, so far, has not proved herself of a very social disposition, altogether a different maiden, in fact, than the poets are wont to picture. Except for some good things at The Kentucky her first week in society has been marked chiefly by literary and musical events, for even those social clubs that have not been keeping Lent very strictly, have been conspicuously quiet.

### Dr. Edwin Mims Honored.

Professor Edwin Mims, Ph. D., of Trinity College, Durham, N. C., has been offered the Chair of English at Princeton University. Professor Mims is well known in Paducah, having married Miss Clara Puryear, of this city, and is one of the foremost young educators of the south, having received signal recognition in various ways in his chosen work, and this from Princeton college is a high honor for so young a man. Dr. Mims has contributed valuable educational articles to some of the leading magazines of the day. He is a graduate of Vanderbilt University, but has done special work at both Harvard College and Oxford, England.

### Paducah's Summer Colony.

Much of Paducah's summer pleasure is dependent upon the many charming country homes, where latch-strings need no pulling for the doors ever stand wide. Already the exodus has begun and before long all of the delightful and hospitable places will be open for the summer. Mr. and Mrs. Oscar L. Gregory have gone to "The Lodge" from the Palmer House, where they spent the winter. Mr. and Mrs. Robert Becker Phillips moved out to "Woodlawn" this week. Mr. and Mrs. Joseph L.

Friedman have had "The Pines" open all winter. The Sanders family are now at "Grey Gables," and Mr. and Mrs. George C. Wallace will open their attractive home early in May. Others will probably not be until even later.

### Tennis Courts Opening.

The formal opening of the Y. M. C. A. tennis courts on Kentucky avenue is announced for Tuesday afternoon, and is looked forward to with much interest as a pleasant social event. Many who do not play will go to watch the games, and all who desire will be allowed to play.

The Y. M. C. A. tennis committee which includes such popular men as Mr. W. D. Deakins, Mr. Ben L. Matthis, Mr. Harry Linn, and Mr. J. R. Hogan, will have the affair in charge and have arranged some tournaments for the afternoon. The woman's committee will serve delightful refreshments and receive the guests.

### Mr. Harry Gilbert, Philanthropist.

Mr. Harry Gilbert gave his third organ recital of the series on Wednesday afternoon from 5 to 6 o'clock at the First Christian church to a large and appreciative audience. The program included Chopin, Bizet, Haydn, Jensen and other favorites. Mr. Gilbert made doubly so, Mr. Emmet S. Bagby as the soloist, rendered two selections with fine effect. Perhaps, no move for Paducah's pleasure and uplift has met with a more enthusiastic response than these delightful organ recitals, and Mr. Gilbert in giving his time and talent so freely can feel he is not only a public benefactor to his people, but that he is, indeed, with honor in his own city. By the hour he has selected, too, many are enabled to come to whom the music is a rest-note in that day's work.

### U. D. C. Meeting.

The Paducah chapter, United Daughters of the Confederacy met on Tuesday afternoon with Mrs. David H. Murrell on Broadway. The meeting was one of especial interest, the president, Mrs. Joseph H. Thompson, was in the chair and a large number of the members were present. After the usual routine business, resolutions were passed on the recent death of Miss Mildred Lee, the daughter of General Robert E. Lee.

A committee from camp James T. Walbert, United Veterans of the Confederacy, composed of Cois. Joseph E. Potter and William Patterson, and Dr. D. G. Murrell were present to ask the co-operation of the ladies in making the birthday of Jefferson Davis on June 3, an especial occasion. The camp Walbert will arrange the celebration and the Daughters of the Confederacy agreed to assist them in every way. The local chapter will also confer the crosses of

honor on any local veterans not previously decorated, at that time. Mrs. Mary Burnett was appointed to represent the Paducah chapter as hostess at the reception to be given in June at the Confederate Home in Pewee Valley during the re-union in Louisville.

An attractive musical program was rendered after the business session. Those taking part were: Mrs. William T. Anderson, of Arcadia; Mrs. D. G. Murrell, Mrs. D. I. Lewis, and Miss Rella Coleman. Delightful refreshments were served by the hostess.

The May meeting of the chapter will be held with Mrs. Luke Russell on West Jefferson boulevard. Mrs. David I. Lewis will entertain the chapter in June, which will be the final meeting for the summer.

### Missionary Tea.

The Missionary Tea of Grace Episcopal church was held on Friday afternoon with Mrs. Campbell Flournoy on West Jefferson boulevard. The "Indian Missions" was the general subject. Mrs. Will Gilbert gave an interesting paper on "The Indian Schools." Miss Alice Compton read extracts from Bishop Whipple's life and labors among the Indians. Miss Minnie Ratcliffe gave an account of "The Miracle of Motlakahla." Mrs. David Flournoy sang very delightfully several selections. Tea was served.

### Delphic Club.

Two great Parisian industries that especially appeal to woman were discussed at the Delphic club meeting at the Carnegie library on Tuesday morning. "The Gobellins—Workshop and Museum" was the subject of an interesting paper by Miss Kathleen Whitefield, read by Mrs. George Wallace in Miss Whitefield's absence in Nashville, Tenn. "Up the River to Sevre—the River and the Pottery" was graphically described by Mrs. Robert Becker Phillips.

### A Pleasant Affair.

Ralph Bingham appeared in a monologue entertainment for the benefit of the Trimble street Methodist church on Tuesday evening. Mr. Bingham is a very popular impersonator and always delights his friends here. He gave an attractive and varied program on Tuesday.

### Pleasant Social.

The Ladies of Magnolia Grove No. 2, Woodmen Circle, held a social meeting after the business session at their hall at Fifth and Broadway on Friday evening. Fourteen new members were initiated. Refreshments were served and music was enjoyed during the evening.

### Church Musical.

The musical on Friday evening at the Tenth street Christian church was a very enjoyable and successful affair. An attractive musical and literary program was rendered by some representative local talent.

### Children of Confederacy.

The Alexander Faris chapter, Children of the Confederacy, is meeting this afternoon with Miss Helen Powell and Master Felix Powell at their

home at Jefferson and Ninth streets.

### Announcements.

The Delphic club will meet on Tuesday morning at the Carnegie library.

Miss Bruce Warren will entertain the Entre Nous club on Tuesday afternoon at her home on Broadway.

Mr. Harry Gilbert will give his fourth organ recital of the series on Wednesday afternoon from 5 to 6 o'clock at the First Christian church. Mrs. David Flournoy will be the soloist.

Mrs. W. A. Gardner, of Fountain avenue, is hostess to the Magazine club on Thursday afternoon. The quotations will be from Kipling, and the magazines for discussion are: Harper's, North American Review, Atlantic Monthly, Outlook, Hubbard's Journeys, McClure's.

The debating societies of the High school will have an open session on the afternoon of Friday the 21st to discuss the "Municipal Ownership of Street Railways." An attractive program will be arranged besides the debate.

Paducah chapter, Daughters of the American Revolution, will meet on Friday afternoon with Mrs. George C. Thompson on West Broadway. The meeting was postponed from last Friday afternoon, the regular day.

### RADLY BURNED.

Powder Causes Serious Injury to Graves County Man.

Henry Carter, a young farmer of near Mayfield, had a narrow escape from death. He placed about a third of a pound of powder under a stump and while standing near it, sparks of fire from burning brush were blown into the powder, causing an explosion. Carter's face, hands and arms were horribly burned and flying frag-

ments of the stump struck him all over the face and in one eye. There was a bottle of powder several feet from the stump which exploded shortly after the first explosion but no damage resulted.

## THE BOARD OF WORKS.

The board of public works seems  
to be too modest to accomplish the  
aims of its creation. It should have  
its rights and powers defined and  
then assert them. The charter gives  
it control of the streets. The proper  
procedure in making street improve-  
ments, it seems, would be for it to  
ask the general council to pass the  
necessary ordinance. It should then  
advertise for bids, award the con-  
tract, and if necessary have the coun-  
cil ratify it. The council's only other  
prerogative would be to allow the  
money when the work was finished.

Boards of works in other Kentucky  
cities, it is alleged, exercise even  
more authority than this. They ask  
for necessary ordinances and get  
them. They let all contracts, and do  
not submit them for ratification. The  
council's only duty and authority is  
to enact the ordinance for the im-  
provement, and at its completion al-  
low the money.

This is in cities, however, where  
the board of works and council work  
in harmony for the public good,  
which they should do here. Where  
there is a continual clash the general  
public may expect nothing but petty  
conflict, spite work, and continual  
delay in public improvements.

If the board of public works in  
Paducah had, any get-up-and-get  
about it, it would have taken steps  
to find out its prerogatives and  
powers long ago. To find these out might  
save the taxpayers a great deal of  
money and trouble.

The board here is composed of  
three progressive men, but it is  
hampered by an unprogressive, provin-  
cial administration as ever  
progressive men had to contend with.

Some of the big editors are ex-  
patriating on "Peonage" by the column,  
but Uncle Sam is going to settle the  
question according to his own con-  
science and the federal constitution.  
The question is not, as a Chicago pa-  
per seems to think, whether or not a  
fine is a debt and a person can be  
imprisoned for debt, but whether or  
not a misdemeanor is a crime, and  
a person can be committed to hard  
labor in lieu of a fine. The federal  
constitution says involuntary servitude  
cannot be exacted except upon  
conviction for crime, and the ques-  
tion now to be decided is whether  
conviction for misdemeanor means  
conviction for crime. Anyone knows  
a person can be imprisoned in lieu of  
a fine; the government itself does it.  
The contention in these peonage cases  
is that imprisonment for fines  
should take the place of hard labor.  
When a person is convicted of a petty  
offense and cannot pay the fine he  
becomes a burden on the taxpay-  
ers, who have to "pay for his keep,"  
and there should be some way to  
make him pay for the expense of  
feeding him. But whether or not

it can legally be done is yet to be  
determined.

A Fulton paper alludes to the  
abortive attempt at a lynching there  
recently as the act of "drunken ruf-  
fians from Cairo, Paducah, Wingo,  
Dukedom and other cities." The only  
argument in favor of the crowd be-  
ing from Paducah, Dukedom "and  
other cities" is that the men were  
drunk. A stranger in that condition  
might possibly go to Fulton.

The Madisonville, Ky., Progress  
published by J. T. McDonald, is just  
out, and is attractively printed and  
full of news. It is republican in  
politics.

FIED.

Alleged.

The examining trial of Tracy La-  
mar, charged with the murder of  
John Beard, which occurred in the  
barber shop of Paxton French in  
Wickliffe three weeks ago tonight,  
came up in Judge Moore's court at  
Wickliffe.

The testimony all showed that La-  
mar killed Beard in self-defense, na-  
tural witnesses swore that Beard fired  
first; that he called Lamar to the  
door and opened fire without warn-  
ing.

On motion of Commonwealth's At-  
torney Jacob Corbett, the case was  
dismissed and the defendant dis-  
charged. The coroner's inquest ex-  
onerated Mr. Lamar in this killing.

## NO COMMENCEMENT FOR THE FIRST TIME

Schools Free From the Usual  
Strife Before Vacation.

No Graduating Class This Year,  
Which Is Also Something  
Unusual.

## A PLAY WILL BE GIVEN

There will be no commencement  
for the public schools of Paducah  
this year for the first time perhaps  
since the schools were established  
many years ago for there is no grad-  
uating class. While the schools in  
other cities are interested in the com-  
ing commencements, with their dail-  
y dresses, essays, and freedom from  
school ties, Paducah pupils are pur-  
suing the even tenor of their way  
from a scholastic standpoint, and  
commencement for the first time in  
as far back as the memory of man run-  
neth, is not in the least disturbing  
exciting or interesting them.

The reason is that there will be  
no commencement in Paducah this  
year. A new grade has been estab-  
lished, and the class that would have  
graduated this year will instead go  
into this new twelfth grade.

It is the first time since the Padu-  
cah schools came into existence that  
there will be no graduating class and  
commencement.

Next year order will be restored,  
and the class that would have gradu-  
ated this year had not an extra grade  
been added, will graduate then in-  
stead, and from that time on the  
commencement will take place as  
usual.

## The only commencement exercises

likely will be a play to be given at  
the auditorium by the pupils about  
commencement time. The play has  
not been selected and the time has  
not been set for giving it but it will  
be the only thing in the way of clas-  
sing exercises held in the public  
schools this summer.

## READY FOR WORK.

The city's new roller, sprinkler  
and carts have been received and the  
sprinklers and carts will be put in  
use Monday.

Street Inspector Alonzo Elliott  
said today that the new roller is be-  
ing used at Ninth and Adams street  
today and that Tennessee street will  
next be improved and rolled.

The carts are to be used prin-  
cipally about the market house when  
the street is paved. The machinery  
is of the most modern pattern, and  
good results are expected from it  
when the city employees become pro-  
ficient in its use.

## MARTIN PATTERSON RELEASED TODAY

Slayer of T. L. Macklin Not  
Blamed by the Grand Jury.

He Claimed That Macklin Attempted  
to Force His Way Into the  
House.

## TODAY'S GRAND JURY REPORT

Martin Patterson, colored, who  
shot and killed T. L. Macklin, col-  
ored, near 10th and Highlands streets,  
about two weeks ago, was today re-  
leased by the grand jury.

Macklin, it was alleged by Pat-  
terson, followed two women to his  
home and when the women asked  
for protection and were admitted to  
the house, Macklin attempted to fol-  
low them.

Patterson claimed he kept warning  
the man to keep out and finally  
thrust his shotgun through the door  
and fired.

Macklin was found some little dis-  
tance away, shot through the breast,  
and it was said there were some sus-  
picious circumstances about the kill-  
ing.

Patterson waived examination in  
police court and was held without  
bond.

The grand jury, after hearing the  
evidence, thought the facts did not  
justify an indictment, and Pat-  
terson, who has always been a well be-  
haved colored man, was released  
from jail this morning.

The grand jury today made its re-  
port before 11 o'clock and adjourned  
for the day. Its term was extend-  
ed another week, as it has not near  
finished its business. It usually re-  
mains in session until the criminal  
term ends which is at the expira-  
tion of three weeks.

The hills returned this morning, in  
addition to the three against Mrs.  
Mary Brockwell, are:

Robert McGee, colored, obtaining  
twenty cents by false pretenses by  
selling Ed Settle a stolen shovel.

Herman Clements, for cutting  
Leonard Shelby and Boyd Manion.

Leonard Shelby for maliciously  
cutting Clements.

Linda Murphy, "king of bootleg-  
ers," for the alleged theft of \$36  
from C. L. Dupree. Murphy is out on  
his own recognizance.

## IN THE COURTS

### Will Probated.

The last will of the late Mrs. Mary  
B. Gholson was yesterday afternoon  
admitted to probate in county court.  
It is dated November 10, 1903, and  
Dr. J. O. Brooks, brother of the de-  
ceased, is named as executor. The  
deceased leaves her personal prop-  
erty to her son Mr. Sam Gholson and  
he is to be allowed to cultivate the  
farm for five years. After that the  
realty is to be divided between him  
and Mary Gholson.

### Police Court.

A case against Claude Russell, for  
running a milk wagon without a li-  
cense was continued.

Amy Given, colored, for being dis-  
orderly, was fined \$25 and the judg-  
ment was suspended during good be-  
havior.

### Circuit Court.

Judge W. M. Reed had few cases  
today in circuit court.

Joe Cannon, for malicious cut-  
ting, was given one year and six  
months.

Sue Eggleston was fined \$10 and  
costs for keeping a disorderly house.

Luke Tyree was fined \$25 and  
costs for gambling.

Lee Wolverton, white, for alleged  
grand larceny, was given two years.

### FLYING MACHINES FAIL.

Of Thirty-two Tested Before Paris  
Club All Fail, and One Nearly  
Kills Jury

Paris—The competition for aero-  
planes and flying machines without  
a crew, held this week during two  
days on the Galerie des Machines by  
the Aero club, was remarkable for  
the fact that not one machine out of  
the thirty-two tried was a success.

The enormous apparatus more than  
fifty feet long, with an immense  
parachute, exhibited by M. Soux, fell  
straight to the ground like a mass  
of iron.

Germany has a new system of  
quick telegraphy by which signs can  
be transmitted at the rate of 2,000 a  
minute. It has been successfully  
tried between Berlin and Koenigs-  
berg, a distance of 500 miles.

tired of the world, but in reality the  
world is tired of him.

## OLD MAN'S DARLING.

Transformed From Telephone Girl One Day to Owner of \$100,000 the Next.

New York, April 8.—To be a telephone girl, working for a small salary, one day, and to have a man hand her a check for \$100,000 the next, has been the unique experience of Miss Anna Bennett, whose engagement to E. R. Whitney, of Montreal, was announced this morning. Mr. Whitney gave that sum to his fiancée, telling her to be generous with the money in the purchase and preparation of her trousseau. He also told her that he had ordered an automobile of special design to cost \$9,000 and a large snubsturb of diamonds as betrothal gifts.

Until last Saturday Miss Bennett, whose home is at 213 Nassau avenue, Brooklyn, was employed at the switchboard of the Grand Union Hotel, and it was there that her acquaintance with Mr. Whitney began and ripened into a warm attachment. His home is in Montreal, where he is engaged in the asphalt business, and he has been a widower for two years.

It will be Dean's first open air concert of the season.

### NEARING AN END

SEASON AT THE KENTUCKY THEATRE IS ABOUT OVER.

Only a Few More Attractions Booked For the Present Season at This Popular Playhouse.

The public should accord "Rudolph and Adolph" a liberal patronage Tuesday night, as it is the annual benefit for Treasurer Thomas Roberts and Stage Manager Malone, and because it is a good show and will be enjoyed by all who see it. These young men have been very painstaking in their work, and the public can attest its appreciation in no better way than in attending the performance.

The season at The Kentucky theatre closes in a short time, and has been one of the busiest in the history of the theatre.

Manager J. E. English has had more good shows this season than Paducah ever had before in one season, and business has been fairly good.

Next week there is to be "Rudolph and Adolph" Tuesday, and Billy Ker-senda Thursday. The only other show booked for this season is "The Boston Ideal Opera company the week of April 24th.

Other attractions may be booked later, but these are all booked at present.

Paducah has come to be known as a good show town, and no city of its size anywhere gets better attractions.

### THE "KNOCKER"

Where One of Them Was Finally Picked Up.

At least one of the "Knockers" cast into the river here at the Commercial club's rally has been found. The following is from the Hillerman, Ill., correspondent of the Metropolitan Journal-Republican. Hillerman is a small landing nineteen miles below Paducah:

"Last week John Dusch had a curious find in the river at this place. Mr. Dusch saw what looked like a coffin in the river and pulled it out upon the bank, to find it a joke. The article was in size and shape a coffin made of thin pine and varnished black with the word 'Knocker' in white letters upon the name plate. It was nailed tight, and when Mr. Dusch pried the lid open he found nothing but a bottle with a letter inside. Perhaps if a certain fellow in Paducah sees this he will select a clean empty beer-case at his 'hanging-out place' and tuck to his heart's content."

Both sides of Second street are now torn up because of the paving started there. Contractors Robertson & Gardner will push the work.

The General Pierson, after being thoroughly repaired here, will probably return to Memphis next week.

The Hattorf is due tomorrow from Nashville and leaves at noon Monday for Clarksville.

The Mary Michael will arrive tomorrow with the Woolfolk, which was damaged by a gale 150 miles below Cairo on the Mississippi river. The Woolfolk will at once be repaired. She had a tow of logs when the storm struck her.

Anthony of St. Paul has been sold to Anderson Bros. of Grand Tower, Ill., to take the place of the steamer Anderson, which was burned there last winter. The Louisiana was for a time last winter chartered to the city to tow the garbage to Chesley Island, but was disabled by a fire, which destroyed a portion of her cabin and damaged her machinery. She had been repaired on the ways at Carondelet and came up to the city yesterday. The price was about \$7,000.—Globe-Democrat.

The Charleston will be due tomorrow from Tennessee river and goes to Jopka to unload.

The Kentucky leaves at 5 p. m. for Tennessee river and is getting a good trip.

A new boat for the St. Louis and Tennessee River Packet company will be launched at Howard's, Jeffersonville, today.

The only secret ever kept by a woman is—well, it's still a secret.

## A LONGER JOURNEY THAN EXPECTED

Neb Banks Died in Chair at City Hospital Last Night.

Ate Glass in Jail to Kill Himself or Make Himself Miserably Sick.

WAS PREPARING TO LEAVE CITY

Neb Banks, colored, took a longer trip last night than he expected. He was being prepared at the city hospital to be sent to his mother at Hopkinsville, and Patrol Driver John Austin had the patrol wagon there for the purpose of taking him to the depot, when Banks sank back limp into the chair and soon expired.

He was one of the alleged thieves who stole a grip from National President John Slocum of the Hink-smiths' union, when he was here on a visit. The grip contained clothing, papers and other things, and was evidently stolen from the hack on which it was being carried from the depot.

Banks and one or two others were arrested for the theft after the grip had been found in their possession.

He was committed to jail in default of bond several weeks ago, and it is claimed began eating ground glass for the purpose either of killing himself or making himself so ill that he would be released.

He is also said to have eaten soap. Finally his condition became such that day before yesterday he was ordered transferred from the county jail to the city hospital by Circuit Judge Reed, and the transfer was made.

Banks' mother was notified of his condition and yesterday telephoned to send him to Hopkinsville. He was to have started on the 8:20 o'clock train last night, and his clothing was being put on him at the hospital, while he sat helpless in a chair. They were pulling on his trousers when he fell over and expired.

—Mr. C. G. Potter, formerly master mechanic here for the N. C. & St. L., but now of Lima, O., is in the city on a visit.

## Theatrical Notes

Next week at The Kentucky: Tuesday night—Rudolph and Adolph, Big Musical Comedy. Thursday night—Billy Kersands' Minstrels.

"Mistaken Identity has been the prolific underlying theme of the French and German school of three and four comedy for more years than one cares to remember and yet it permits of sufficient variations to establish—and establish firmly—at that—a great number of American and English farce comedies both musical and dramatic. Success has perched upon the box office of many of these attractions. One of the most conspicuous examples of this is the musical melange of "Rudolph & Adolph" by Mr. Chas. Newman, which, under the direction of Messrs. Broadhurst & Currie, has had an unprecedented success during the past few seasons. Its humor is broad and clean; the dialogue bright and scintillating; the various scenes delightfully grotesque, while the accompanying musical numbers have been particularly catchy and whistly. Of course, as it is to be expected, dialect German, when incorporated in such a musical farce comedy, adds much, very much, to the fun of the situation. This show in entirety, is endorsed by the press and public, will be seen at The Kentucky on Tuesday night, and ought to prove a treat for theatergoers.

The Little Rock Gazette says: "Billy Kersands' minstrels had an audience which literally packed balcony and gallery and filled the parquet last night at the Capital Theater and kept it in hilarious humor throughout the show. It is not too much to say that it is the best minstrel show seen here this season, white or colored. Billy himself is the sole survivor of the old school of minstrelsy, at least, of his color. His work now is what it used to be in the old days before the metamorphosis into modern minstrelsy, which has sprung very far from the old Christy idea, which gave us the plantation negro of a time before the dude city negro had an existence. The old man can shuffle a foot yet with the young fellows.

"A strong feature of the vaudeville is the musical number of the four Housley Brothers. Another feature is the contortion stunt of Marsh Craig. He apparently has neither bones nor even hard gristle for a

## THE MAXIMUM ENJOYMENT.

Do you get the maximum enjoyment out of every dollar you spend? Isn't there a limit to the enjoyment you get by spending money? Some part of your income is not purchasing the full amount of enjoyment for you: It is not purchasing a dollar's worth of enjoyment for a dollar.

Why not investigate? See if there is not a part of your income which had better be put aside for future needs. Saving is a form of insurance. It insures you against lots of trouble in the future. Somebody has said that "saving means security from most of the troubles of life."

Have a purpose in your saving. You can save to your own home, or to take a trip in your vacation, or to give your child an education, and so on through the list. There are any number of good purposes to save for. Do not waste time trying to save up enough to start an account. One dollar will start an account and you can center all your efforts on building up the account after it is started. We'll help the account along by paying you 4 per cent. compound interest on your savings.

substitute and he performs almost incredible feats of tying himself in a knot. The most difficult consists of sitting on his head while he suspends himself by his teeth to a raised support.

"In the first part there are good voices and the interludic and end men business is quite up to the average with no more chestnuts than the balmy experts to hear. The entire show is free from anything in the slightest degree objectionable." At the Kentucky Thursday night.

Pitcher Chesbro, the famous spitball manipulator of the New York American league team, has been offered \$500 a week to go on the stage by a Gotham roof garden manager. The theatrical man thinks Chesbro is going to be a hero in the Metropolitan City the coming season, and for that reason he is wanted for a monologue. It is said Chesbro can get off a line of talk that will make him famous in a Theatrical role.

Mr. Otis Skinner presented "The Harvester" to a large and representative audience last night at the Kentucky, and gave the best of a production. While many were not particularly impressed with the play, Mr.

Skinner is such an artist that he can make anything entertaining, and his work last night was fully up to his high standard. His company was most capable and gave him fine support. Mr. Skinner is a great favorite here, and was called before the curtain several times, but did not make a speech.

The mountings are thoroughly in keeping with the remainder of the artistic performance.

## BODY IDENTIFIED.

Woman Claims Remains of Hutchinson at Fulton, Ky.

A negro woman who says her name is Hattie Hutchinson and who claims to be the wife of Charles Hutchinson, the negro who shot himself rather than be arrested, day before yesterday, at Gilbertville, went to Fulton and claimed the body, which had been embalmed. She identified the body as that of her husband who, in company with three other negroes, left Memphis last Sunday morning.

She did not have money enough to pay the charges of the undertakers and telegraphed to her mother at Birmingham, Ala., to send her money. She will take the remains to Memphis.
